

THREE NEW MUTOH PRINTERS AT VISCOM ITALIA 2012

Oostende, BELGIUM. Mutoh Belgium nv will exhibit at this year's Viscom Italia show (**Hall 3 - Booth D01/E08**) - Fiera Milano, Italy, October 4–6. In close cooperation with its authorised distributors for Italy – MM Electronic and Reis Elettronica – Mutoh Belgium will display the latest models of its popular ValueJet printer family and its print-to-cut workflow solutions.

As novelties, Mutoh will present the all new 64" wide **ValueJet 1638 high speed Eco Ultra printer** and the 64" wide **ValueJet 1638W dye sublimation printer**. Mutoh will also première the **ValueJet 2638** printer, the first **2.6 m wide** ValueJet printer.

Mutoh's new ValueJet 1638 Line

VJ-1638

VJ-1638W

The new **ValueJet 1638** (64"/165 cm) model, offering sellable production quality speeds **up to 36 m²/h** at 720 x 720 dpi, is targeted at the sign & display market. The printer utilises Mutoh Eco Ultra CMYK inks and will address the needs of PSPs and commercial printers looking for a high volume printing solution.

The **ValueJet 1638W** (64"/165 cm) model was designed specifically for the sublimation transfer market. Printing on the thinnest available transfer papers and using Mutoh water-based direct disperse inks, this new Mutoh printer model will deliver production speeds **up to 65 m²/h**.

The new dual head ValueJet 1638 printer models incorporate Mutoh's award-winning Intelligent Interweaving print technology which guarantees predictable and repeatable output quality. The printers also feature a high level of operator comfort and print production efficiency, thanks to a newly designed keyboard, an automatic sheet off system and a tiltable ink cassette holder which saves space and enables loading of different ink volumes.

Première : Mutoh ValueJet 2638

Mutoh's **new 2.6 m ValueJet 2638** model will address the needs of PSPs and commercial printers looking for a high volume printing solution whilst requiring media compatibility with media rolls up to a width of 2.6 m.

The 4-colour high speed printer features a staggered dual head setup with latest generation 1440 nozzle 8 channel piezo heads, offering improved productivity. Using Mutoh Eco Ultra CMYK inks, the VJ-2638 prints directly onto a wide range of uncoated and coated substrates.

Suitable for indoor & outdoor graphics, the new 104" wide printer will deliver both high quality and high speed. Top quality graphics at production speeds of up to 40 m²/h at 720 x 720 dpi !

About MUTOH Belgium nv

Mutoh Belgium nv are a subsidiary of Mutoh Holdings Co. Ltd., Tokyo, Japan (TYO : 7999 "MUTOH"). Founded in 1991, the company's activities encompass sales, technical and commercial marketing, product support, after-sales service and distribution of CAD/CAS hardware (professional sign cutting plotters and large-format full-colour piezo printers for CAD, commercial inkjet printing, sign and soft sign applications).

Mutoh products are distributed via a wide network of authorised Mutoh resellers in the EMEA territory through Mutoh Belgium, Mutoh Deutschland and Mutoh North Europe.
